For Immediate Release

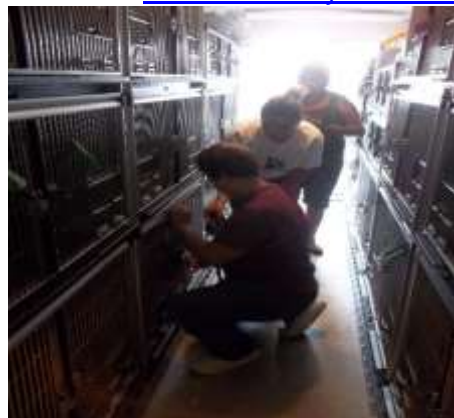

CAN YOU HELP US HELP THESE ANIMALS?

This morning 377 horses, 187 goats and sheep, 117 chickens, 34 pigs and many other animals including llama, mules, rabbits, ducks, turkeys, donkeys... and three tortoises are under the watchful care of County of Los Angeles Animal Care and Control staff and volunteers.

Never before in recent memory have so many pets and farm animals required emergency sheltering in Los Angeles County.

"We have received many generous donations of feed and supplies for our pets. Many people have asked what more they can do to help. We are fortunate to have a foundation that has established a fund called 'Noah's Legacy' for emergency response," said Marcia Mayeda, the department's director. This fund has been used in the past to provide the department with the "Ani-safe" trailers, one of which is currently housing pets at the Hart High School sheltering site.

Donations can be made directly on the Foundation website: www.lacountyanimals.org
